Dear Andy

This is to say a big thank you to you and your team for your spendid organisation of the marquees, loos, generators etc. etc. for my daughter's wedding last Saturday.

All the guests remarked on the elegance of the marquees and Val and I know just how much planning you put in to creating this perfect result. Chris and his strong men worked cheerfully into the dark on a couple of really wet nights making sure that all was right - somehow dismantling everything within one day. By the following Monday afternoon it was difficult to imagine their had been 4 marquees on the lawn - and there was absolutely no damage.

I have no hesitation in recommending you to any future customers and would be happy for you to put forward my name for a reference.

Yours sincerely
